TRANSCENDENTAL DREAMER

Transcendental Dreamer is a clothing brand dedicated to [inspirational fashion](#) apparel others to chase their dreams. Because we believe dreams are what make life worth living. For every purchase, a percentage of proceeds go toward non-profit organizations helping turn dreams into a reality.

ABOUT US

Here at Transcendental Dreamer, we believe dreams don't have borders or boundaries. You can't put them in a box and decide to just forget about them.

Sadly, that's what the majority of society does nowadays.

They trade their passions for a job they hate and their purpose for a lack of fulfillment. They put their dreams on the back-burner, waiting for a someday that never arrives.

But we want to change that.

We believe dreams never die. They're limitless. They transcend lifetimes and your state of being and create something worth living for.

That's why Transcendental Dreamer was built to inspire others to follow their calling and live out their dreams.

The future belongs to the visionaries. The ones who are willing to take risks and create their own rules. The ones who are willing to overcome their fears, pave their own path, and dream a better tomorrow.

Because sometimes to change the world, all it takes is a dream...

VALUES

IMPACT

We're currently donating to Let There Be Light, an organization dedicated to providing solar power to underdeveloped regions of the world. Read on to learn more about Let There Be Light and the impact they have! Here at Transcendental Dreamer, we've got big dreams for the future. But for many around the world, their dreams are a lot more simple.

Mission

We want to inspire others to live out their dreams and look back on a life of fulfillment instead of a life of regret.

That's why Transcendental Dreamer is donating 10% of all proceeds to organizations making a difference around the world. Ones that are helping turn dreams into reality (because that's what we're all about, right?)

That's why Transcendental Dreamer is donating 10% of all profits to those in need. Because inspired people inspire others.& THINKING.
